Hero Section

Hi, I am Jahnvi.

I am a student at MSRUAS. Learning full stack web development with REACT.

About Me

I am a student at MSRUAS pursuing CSE B.tech.

I enjoy learning Frontend and backend development. Learning new things.

My Learning Journey

1. Mastered core programming fundamentals using C and Python.
2. Started diving into structural web layouts using semantic HTML5.
3. Currently exploring full-stack engineering frameworks, focusing heavily on React.

Quick Facts

- Based in Bengaluru, Karnataka

Skills

Frontend Skills

- HTML

Backend Skills

- Python
- C language

Database and Tools

- Git and GitHub

Projects

Tools

A utility system designed to manage and optimize development environments.

Technologies used: Python

TaskFlow Application

A lightweight application designed to help engineering students track project tasks and academic deadlines.

Technologies used: HTML, JavaScript

Smart Campus Directory

A conceptual backend tool aimed at cataloging campus resources and database relationships.

Technologies used: Python, SQL

Contact

You can contact me for internships.
